Important information about procedures for opening a Voya Investment Management account.

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions, including Voya Investment Management, to obtain, verify and record information that identifies each entity that opens an account and the individuals authorized to act on behalf of an entity investing through a Voya Investment Management account ("Trustees/Authorized Signers"). What this means: **When an account is opened on behalf of an entity, its Trustees/Authorized Signers must provide the entity's name and address as well as information that will allow us to identify the Trustees/Authorized Signers, including their names, addresses and dates of birth.** This information is required under the USA Patriot Act. Failure to provide all requested information may result in delays in making an investment or even the return of an investment. Voya accepts no responsibility for trading losses associated with delays in receiving information. Voya Investment Management reserves the right to request additional information regarding Trustees/Authorized Signers.

9 Cost Basis Election

Internal Revenue Service regulations require security issuers to determine the adjusted cost basis for securities sold or redeemed, the nature of the gain or loss, and to report the information on Form 1099-B. We provide several IRS-approved methods for determining your cost basis — each with different tax implications. Please consult your tax professional to determine which method should be considered for your individual tax situation.

If you would like to use the Average Cost method (depletes tax lots on a first in, first out basis with the cost basis calculated by multiplying the shares redeemed by the average cost per share), **you do not need to do anything**. Your account will default to that option unless you select another method.

If you would like to select a method other than Average Cost, select one of the following options as the tax lot relief method to be used. Your election may be changed at any time prior to or at the time of each redemption.

FIFO: First in, first out method depletes tax lots in the chronological order in which they were acquired (i.e., oldest shares are first redeemed).

LIFO: Last in, first out method first redeems the newest available shares purchased.

HIFO: Highest cost available shares will be redeemed first.

LOFO: Lowest cost available shares will be redeemed first.

HILT: Long term highest cost available shares will be redeemed first.

HIST: Short term highest cost available shares will be redeemed first.

LILT: Long term lowest cost available shares will be redeemed first.

LIST: Short term lowest cost available shares will be redeemed first.

12 Legal Entity Beneficial Ownership Certification

What is this form?

To help the government fight financial crime, Federal regulation requires certain financial institutions to obtain, verify, and record information about the beneficial owners of legal entity customers. Legal entities can be abused to disguise involvement in terrorist financing, money laundering, tax evasion, corruption, fraud, and other financial crimes. Requiring the disclosure of key individuals who own or control a legal entity (i.e., the beneficial owners) helps law enforcement investigate and prosecute these crimes.

Who has to complete this form?

This form must be completed by any person opening a new account on behalf of a **legal entity** with any of the following U.S. financial institutions: (i) a bank or credit union; (ii) a broker or dealer in securities; (iii) a mutual fund; (iv) a futures commission merchant; and (v) an introducing broker in commodities.

For the purposes of this form, a **legal entity** includes a corporation, limited liability company, or other entity that is created by a filing of a public document with a Secretary of State or similar office, a general partnership, and any similar business entity formed in the United States or a foreign country. **Legal entity** does not include sole proprietorships, unincorporated associations, or natural persons opening accounts on their own behalf.

What information do I have to provide?

When you open a new account on behalf of a legal entity, we will ask for information about the **legal entity's beneficial owner(s)**, including their name, address, date of birth and social security number (or passport number or other similar information, in the case of Non-U.S. persons). The financial institution may also ask to see a copy of a driver's license or other identifying document for each beneficial owner listed on this form. Beneficial owners are:

- (1) Each individual, if any, who owns, directly or indirectly, 25 percent or more of the equity interests of the legal entity customer (e.g., each natural person that owns 25 percent or more of the shares of a corporation; **and**
- (2) An individual with significant responsibility for managing the legal entity customer (e.g., a Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, Managing Member, General Partner, President, Vice President, or Treasurer).

The number of individuals that satisfy this definition of "beneficial owner" may vary. Under section (1) below, depending on the factual circumstances, up to four individuals (but as few as zero) may need to be identified. Regardless of the number of individuals identified under section (1), you must provide the identifying information of one individual under section (2). It is possible that in some circumstances the same individual might be identified under both sections (e.g., the President of Acme, Inc. who also holds a 30% equity interest). Thus, a completed form will contain the identifying information of at least one individual (under section (2)), and up to five individuals (i.e., one individual under section (2) and four 25 percent equity holders under section (1)).

The information contained in this Certification is sought pursuant to Section 1020.230 of Title 31 of the United States Code of Federal Regulations (31 CFR 1020.230).

All persons opening an account on behalf of a legal entity must provide the following information:

Voya™ Investments Distributor, LLC (“VID”) Information Regarding the Business Continuity Plan (“Plan”)

At VID, we recognize how heavily our clients rely on our systems and services. We also recognize that the unexpected can and does occur – from simple situations to major outages. VID has developed a Business Continuity Plan on how we will respond to events that significantly disrupt our business. Since the timing and impact of disasters and disruptions are unpredictable, we will have to be flexible in responding to actual events as they occur. With that in mind, we are providing you with this information on our Business Continuity Plan.

VID Business Continuity Planning Guidelines

VID has developed a Plan that includes the ability to recover from situations including, but not limited to, unplanned evacuations, power outages, major water leaks, fire, severe weather, intentional acts, and any facilities failures that may cause business interruption. The Plan is designed to account for business interruptions of various lengths and scope and requires that VID is able to recover critical functions according to their time criticality. VID does not provide specific detail in this notice in order to maintain a secure and effective Plan.

VID’s business continuity planning does include the following:

- Data back-up and recovery
- All mission critical systems
- Financial and operational assessments
- Alternative communications with clients, employees and regulators
- Alternate physical location of employees
- Critical supplier, contractor, bank and counter-party impact
- Regulatory reporting
- Assuring our clients prompt access to their funds and securities if we are unable to continue our business

Varying Disruptions

Significant business disruptions can vary in their scope, such as a telecommunications outage, fire damage, natural disasters that affect a city or region(s), a terrorist attack, or a regional power outage. Depending on the severity of the business disruption, we have designed our Plan to recover and resume business as quickly as possible.

VID also mitigates risks to reduce potential issues and impact. In the event of an outage, VID has tested plans to support recovery of its critical business functions. In addition to following the guidelines stated above, VID’s recovery Plan also includes the following:

Designated Contingency Sites – There are pre-established, tested processes for rerouting of critical telephone numbers. In the event of a site outage, customers should experience minimal downtime in their ability to contact VID.

Contacting Us – If after a significant business disruption, you cannot contact us as you usually do at **(800) 992-0180**, you can access your account information by logging into www.voyainvestments.com. If you cannot access your account through these means, you should go to our website at www.voyainvestments.com for updated information on what we are doing to quickly recover and resume business. You may also contact us via regular mail delivery at:

Access to Your Funds – A site outage should not affect your ability to have access to your available funds, as VID’s Business Continuity Plan is designed to ensure sustained service. However, your ability to trade securities may be impacted by market events outside of VID’s control, such as when the market was closed following the September 11 tragedy.

Please note that VID’s Business Continuity Plan is reviewed as necessary, and at least annually, to ensure it accounts for technology, business and regulatory changes, operations, structure or location. The Plan is subject to change, and material changes will be reflected in an updated “Voya Investments Distributor, LLC Business Continuity Plan” which will be posted on our website at www.voyainvestments.com. You may obtain a current written copy of this notice by contacting us at **(800) 992-0180** or by visiting our web site.
